## JK Super Light Series

Pendant Hung

For Hi / Low Bay Application

Up Light 4 - 13 Watt PL

### GENERAL DESCRIPTION

- ☆ Super Light is a energy saving replacement for 175 to 400 watt HID or florescent strip fixture in numerous applications.
- ☆ Super Light is designed with 2, 3, 4, 5, or 6 lamps. Fixtures can be ordered for 120 volt or 277 volt installations.
- ☆ Super Light reduces energy cost, yet still provides an efficient quantity and quality of light, suitable where ceiling hieghts are 30 feet or less.
- ☆ For greater energy saving each fixture can be selectively switched, utilizing number of lamps depending on lighting needs.
- ☆ For upper illumination, an Up-Light featuring 4 - 13 watt PLs can be added to your application. This feature can enhance ambient light.
